(www.instagram.com/lariver.fc/)
- **Brands Design** 2023, 2024
(www.instagram.com/3bod.sa /)

Experience

- **Freelancer** 2022, present
I have been working as a freelancer since I have learnt programming in 2021, my name is popular between freelancers and content creators community as one of the effective persons in the IT field, in general my work was to make websites, to design brands and also to teach other people, many people return to me as a reference in the IT field especially in programming.
- **Programming Team leader** 2023/6, 2024/4
I worked remotely as a manager of the programming department in MYTE which is Saudi company that provides a lot of digital services for customers, in the duration that I spent there the quality of their work has increased very well and the duration of doing the services has decreased, in 2024/4 they closed the company for unknown reasons.
- **Graphic Designer** 2023, present
I am working as graphic designer in almost all types, like social media design, ads design, brands design, simple 3D design and videos montage, also I don't limit my work in specific programs, I work on PC and mobile, in photoshop and pixelLap, in premiere and after effect, and so on.
- **Games Designer** 2024, present
I work as games documents designer for some games development studios, I have completely done 2 game design documents, one of them is now in the development phase by CyCube team.
